Serving You Since 1979

SPRING 2017 NEWSLETTER

There are plenty of REBATES for upgrading your furnace, thermostat, air conditioner and water heater. Details on our website: www.air-ease.com/promotions/ Also get heating and cooling information from our website blogs, Pinterest site, Facebook page and on Google Plus.

Schedule your Preventative Maintenance appointment. Call or e-mail your preferred date for service. Saving energy is just a phone call or click away. info@air-ease.com

Do you want more comfort in your home? Just a simple add on product will increase the comfort. Air Cleaner, Humidifier, Media Filter, Dehumidifier, UV Light, Thermostat or Temperature Remodeling. All of these items increase your indoor comfort and air quality. Air-ease can help you choose the products that provide you the most comfort. www.air-ease.com/indoor-air-filtration/

Ditch The Ducts. FREE indoor unit with the installation of a multi-room system. This \$500 value expires 5/31/2017. Then add ComEd rebate for an additional \$500 and you have a hot deal just in time for summer. Choose ductless heating and cooling for the most savings and comfort. Ductless is available for both heating and cooling and are zoned systems, providing modern and efficient solutions for Room Additions, Basements, Sun Rooms, Second Floor Zoning, Home Offices or Converted Attic Spaces. www.air-ease.com/ductless/

Geothermal is the most energy efficient system in the world. Click on this link to learn more about geothermal and how you can save money on your energy cost using geothermal to heat and cooling your home. www.air-ease.com/what-is-geothermal-heating-cooling/ Air-ease is a ComEd Energy Efficiency Trade Ally, and can offer a \$6000 rebate from ComEd for installation of an Energy Star geothermal ground source heat pump.

No payments Same-As-Cash Loans OR Reduced Interest Loans are available to assist you in upgrading your HVAC system or adding a Mitsubishi ductless system for additional comfort. Loans provided by EnerBank USA on approved credit. www.air-ease.com/financing/

How many offers have you seen for tune-ups? These offers span a wide price range with little information as to the differences. Your [Preventative Maintenance](#) provides discounts on parts and equipment, priority customer service, no overtime charges, no diagnostic fee should you require service, and 100% customer satisfaction on your tune-up.

We have several sites on the web for you to write your extremely positive review of your experience with Air-ease. We are a small, local business and reviews help to build our online reputation. Go to [Customer Lobby](#), a third-party review site that collects and publishes reviews. Or login to our [Facebook](#) page and tell us what a great experience you had with us. Or sign into our [Google Plus](#) page and give us a shout out. You can even write a review on all three sites!

Air-ease has produced our own YouTube video of many of our projects over the past 38 years. Your project may be one we have featured. Take a look. See all the things Air-ease Heating and Cooling can do for you. www.youtube.com/watch?v=6CahKkEzpZY
